Agenda approved with modification to the order of items.

2) Approval of draft minutes from 1/10/13 meeting.

Minutes approved as distributed.

3) Dean's remarks.

The Dean noted that the College of Arts and Letters is trying to prepare what will most likely be a new planning process in light of the Bolder by Design conversation and planning. This will involve taking into consideration "big picture challenges." These include challenges highlighted by President Simon and outlined in a recent open letter from Purdue University that draws attention to the most frequent attacks on Higher Education. The Dean is soliciting feedback.

4) Selection of University Committee on Undergraduate Education (UCUE) replacement and the selection of names for College Election to University Committee ballot.

Meeting adjourned at approximately 4:50pm.

Respectfully submitted by Mohammad Khalil.
